SUBJECT: Joint Intelligence Study Publishing Board Bibliography. Far East.

TO : Chief of Engineers, War Department, Washington, 25, D.C.

1. Reference is made to a copy of report dated 15 May 1945, subject as above. It is noted that the publications of this office remain unrecognized though included in the listing. All OCE, GHQ, SWPA publications are shown as being published by the Allied Geographical Section in this theater, which is a part of G-2, GHQ. However, the titles are not listed correctly and a complete correction list to the published bibliography is therefore difficult to compile.

2. In order that the Joint Intelligence Study Publishing Board may revise their bibliography correctly, a complete list of studies published by the Engineer Intelligence Section of this office is attached. The publications mentioned, of which 2 copies are available in the files of the Military Intelligence Division, OCE, War Department, are clearly marked as being published by the Chief Engineer, SWPA.

3. It is requested that this office be furnished two copies of the J.I.S.P.B. Bibliography published on 15 May 1945, and that automatic distribution of subsequent issues of the bibliographies be made upon completion.
